

# Student Assistant Scholarship Fund

## SPECIAL PROJECTS

“If you have an interest in something, there is more than likely a position at Facilities for it. The employees here offer so many lessons to learn. Most importantly though, I have been privileged by being part of the family here at Facilities Services.”

**Mary Margarete Miller**  
2018 - Advertising and Business Administration

## LANDSCAPE SERVICES & DESIGN

The experience I gained during my time at Facilities was invaluable in the post-graduation interview process. I felt as though I had an advantage over students who had no real-world work experience in their field, and I found that sharing details of my work at Facilities Services transformed mundane interviews into interesting discussions that led to call backs and job offers.

**Joseph Wessels**  
2015 - Architecture

## ADMINISTRATION

“Being able to go to school and work at the same time allowed me to learn the professional aspect of working and how to share my knowledge while learning from others, something that is not taught in the classroom.”

**Ryan Cunningham**  
2019 - Supply Chain Management

## FACILITIES SERVICES

Facilities is incredibly exciting, touching every aspect of the University and dealing with a range of activities even wider. We need students from equally wide ranging backgrounds so we can service UT’s broad mission. In fact, we couldn’t function without them. In exchange we provide fantastic experiences that can position them for success in their upcoming careers - a Win-Win on every level!

**Dave Irvin**  
Associate Vice Chancellor
