COVID - 19 Updates

Please be sure you are checking emails from Sam Ledford. To see last week's COVID-19 briefing, visit <https://youtu.be/mzUID7D1X2c>. If you missed any of the COVID-19 briefings, they can be found at the links located on page 4 under Communications & PR.

Sick Leave Bank Open Enrollment Reminder:

Beginning April 1, 2020, and continuing through August 31, 2020 (originally June 30), we will be accepting applications for new enrollees in the Knoxville-Area (including the Institute for Public Service, System Administration, UT Foundation and UT Space Institute) and Institute of Agriculture sick leave banks. The extension will provide additional time for employees to complete and submit an enrollment application as a result of COVID-19.

For more information and to apply, please visit: <https://hr.utk.edu/sick-leave-bank/>

Congratulations!

We would like to congratulate Maria Martinez on being nominated to the Campus Facilities Technology Association Board!

ADMINISTRATION

Special Projects:

- Special Projects would like to thank everyone on the front lines dealing with the COVID-19 pandemic. Everyone has a role to play in the fight against this thing. We will, as always, work together as a department, but most of all as a family to get the job done. Please know there will never be enough words to express the gratitude you deserve for your tireless effort. We miss seeing you, but know we are only a phone call, text or email away. Until we're all together again, find the good in every day! Veronica & Leo
- Veronica Huff has volunteered to be our Facilities Family Support Center Coordinator, so if you have a need (either physical or emotional) during this time and want to anonymously seek out help, please reach out to Veronica via phone, text, or email during regular

business hours (8a-5p), and she will work to make sure those needs are met if at all possible. Rest assured that those needs will not be shared by name. We know that this is a really challenging time for most of us. If your household income has been cut due to layoffs or you're struggling emotionally or mentally, please know that we want to make sure you're cared for. Veronica can be reached at vhuff@utk.edu or 865-382-1779.

Employee Training & Development:

Training News:

- We have three new employees in New Employee Orientation this week. If you see them around, be sure to say hello and make them feel like a welcome member of Facilities Services!
- The Training Team will be working remotely from 8a – 5p daily. Each member of the team has full access to their email. If you have any questions or need assistance, please contact Rebecca Alcorn at 865-898-2288.
- Your 2020 OSHA Training can be accessed at any time at <https://tennessee.csod.com/samldefault.aspx>. Sign in with your NetID and password. Then, click on "Your Transcript" and "Launch" to load the training. Remember that this training is available throughout the year and can be completed at any time. Please contact the Training Unit with any questions you may have.
- While working remotely, there are many different training opportunities that you can take advantage of. Please check your email inbox for messages from Rebecca Alcorn that contain links and further information. If you have questions, please contact Rebecca.

IT Support and Maintenance:

For employees that may need to telecommute or work from a different location than usual, the Office of Information Technology has a webpage (at <https://oit.utk.edu/remote-it/work-remotely/>) to help answer common questions that may arise, including:

- How to check your voicemail remotely
- Accessing your email account
- Tips for conference calling and online meetings
- How to remotely connect to your office computer
- How to connect to the H: or I: drive when you are away

from campus

As always, the FS Information Technology group is available to help with the above issues or other assistance that you may need in order to keep you connected and productive. Feel free to reach out to us for help with your technical needs.

- Our University, as well as others, have experienced incidents of Zoom-bombing where uninvited guests enter an in-progress Zoom meeting for the purpose of causing disruption. OIT has issued a series of Best Practices for preventing such incidents, which can be found here... <https://oit.utk.edu/remote-it>. When scheduling a meeting, if you are interested in only having UT students, faculty, or staff join you, use Advanced Options, and check 'Only Authenticated Users can join.' This will restrict your meeting to only UT constituents with an active Netid/Password. In addition, that authentication is protected with Duo 2-Factor Authentication as well. Additionally, Zoom has simplified some things you can do while your meeting is in progress. The most visible change that meeting hosts will see is an option in the Zoom meeting controls called Security. This new icon simplifies how hosts can quickly find and enable many of Zoom's in-meeting security features. Visible only to hosts and co-hosts of Zoom Meetings, the Security icon provides easy access to several existing Zoom security features so you can more easily protect your meetings. By clicking the Security icon, hosts and co-hosts have an all-in-one place to quickly: Lock the meeting, Enable the Waiting Room (even if it's not already enabled) and Remove participants. They can also restrict participants' ability to share their screens, chat in a meeting, rename themselves, annotate on the host's shared content and work from home assistance.
