**Employee Training & Development:**

**Upcoming Training:**
- **FS Mini Train** - Once upon a time, the ability to type without looking at the keyboard was a skill only certain people needed – usually those working in the administration industry. But times have changed, and today you would be hard-pressed to find a worker in any industry who couldn’t benefit from learning to “touch type”. Not only can it substantially decrease the amount of time spent in front of a computer, but it can reduce the effort it takes to get your thoughts from your head and onto the screen. Visit [https://youtu.be/31_OMH3GNgs](https://youtu.be/31_OMH3GNgs) to watch this two-part series on Touch Typing, and when you’re ready, the Training Team is accepting all challengers!* (*Tiny trophy not included.)
- Are you interested becoming a more inclusive leader on the UTK campus? If yes, read on to learn more about the University of Tennessee Inclusive Leadership Academy (UTILA)! Learning and Organizational Development in partnership with the Division of Diversity and Engagement is proud to announce the 2021-2022 University of Tennessee Inclusive Leadership
Academy (UTILA). UTILA is designed for exempt staff and faculty. The objectives are to embody the mission, vision and values of the University of Tennessee while reinforcing the leadership behaviors that are essential for advancing diversity and inclusion on our campus.

U – Utilizes a yearlong, intentional learning experience, equipping leaders with the knowledge, leadership behaviors, and support to effectively lead a diverse team and create cultures of inclusion.

T – Time with other driven and motivated professionals and subject matter experts.

I – Inclusivity is our focus and how we as leaders can grow in this area.

L – Live sessions which will facilitate a deeper understanding of leadership best practices.

A – Awareness-building through reading and reflection outside the live sessions and the entire cohort will develop a Capstone Project that will be designed to increase the inclusive culture on our campus.

Visit [https://hr.utk.edu/ut-inclusive-leadership-academy/](https://hr.utk.edu/ut-inclusive-leadership-academy/) to learn more about UTILA and what is required to participate in this impactful leadership development opportunity. The application closes for submissions on June 21, 2021. If you wish to apply you can find the application here and complete the necessary steps. If you have any questions, please contact Learning and Organizational Development at [lod@utk.edu](mailto:lod@utk.edu).

Training News:

- **Have you lost your badge? Need an updated picture? Contact the Training Team!** - If you lose your badge or need an updated photo, we would be more than happy to make a new badge for you. Any position changes will be communicated through Nikki and Hannah and a new badge will be created for you at that time.

- **Career Development Fund** - This program provides non-exempt staff and faculty the opportunity to receive up to $150 per recipient during each fiscal year toward career development training. You can submit an application to the Career Development Fund for approval. Funding for this program is received by contributions through Big Orange Family and other similar campaigns. You can even use this fund to pay for the CAP exam which is not typically funded by the department. The one caveat is that your application must be in three weeks prior to your event.

- **The 2021 Training Calendar is available online!** Visit [https://fs.utk.edu/comminfo/training/](https://fs.utk.edu/comminfo/training/) to view upcoming training dates, times and information throughout the year. The calendar is located below the "Login for online training" link. Check back often as new events and opportunities are added often!

- **Your 2021 OSHA Training can be accessed at any time at** [https://tennessee.csod.com/samldefault.aspx](https://tennessee.csod.com/samldefault.aspx). Sign in with your NetID and password. Then, click on "Your Transcript" and "Launch" to load the training. Your course assignments are all the same as they were for 2020, but instead of having each course assigned to you individually, you will have a training curriculum assigned. When you look at your transcript in K@TE, you’ll see something like “Facilities Services: Training Group 1 – Office Staff” but it’ll be specific to the group you’re actually in. Just like you did with the campus compliance training, you’ll open the curriculum and then complete each course inside the curriculum. You’ll reach 100% completion when you complete every course within the curriculum.

- **External Training Completions** - If you participate in any training not done through K@TE, make sure you let Training (Rebecca, Anna and/or Beth) know so they can give you proper credit for it. The university does recommend that you receive 32 hours of external training annually (HR 128). Last year, we had our highest number of staff hitting their goal for training hours, and while we don’t realistically expect the same numbers as last year, we do want to see our team continue to put time and effort into receiving training for their professional and personal growth.
