A Note from the Haberdasher

Transferring - getting your uniforms to follow you.

Employee/Supervisor Part:

- Call or email Jim Tolbert at: 4-2347 or jtolber3@utk.edu to let him know where the uniforms need to be delivered going forward.
- Jim will provide you with the delivery stop number (for example: M518)

Jim's Part:

- Jim will send an email to UniFirst notifying them of the transfer.
- UniFirst will order the code tape (this is the ironed-on tag that is attached each uniform that identifies you, the delivery location & locker.
- UniFirst will let Jim know when the tape is ready.
- Jim will instruct you or your supervisor to tag & bag ONLY ONE WEEK'S WORTH OF UNIFORMS with a tag that says "RETAG FOR DELIVERY TO M5XX (use the number Jim gave you in place of the X's). No need to fill out the tag with anything else, it's already on the code tape.

You will then place the one weeks' worth of uniforms in the short MENDING BIN

Once those uniforms come back at the correct location you can tag & bag the remaining uniforms and place them in the short MENDING BIN

NOTE: Until uniforms are retagged, they will continue to be delivered to the old location and the employee will always be short that number of uniforms at their new location.

ADMINISTRATION

Employee Training & Development:

Upcoming Training:

- **FS Mini Train** - Once upon a time, the ability to type without looking at the keyboard was a skill only certain people needed – usually those working in the administration industry. But times have changed, and today you would be hard-pressed to find a worker in any industry who couldn't benefit from learning to "touch type". Not only can it substantially decrease the amount of time spent in front of a computer, but it can reduce the

effort it takes to get your thoughts from your head and onto the screen. Visit https://youtu.be/31_OMH3GNgs to view Part 1 or visit <https://youtu.be/osGeUmikb6M> to watch Part 2 of this two-part series on Touch Typing, and when you're ready, the Training Team is accepting all challengers!*

(*Tiny trophy not included.)

Training News:

- We have three new employees in New Employee Orientation this week! Say hello and welcome them to Facilities Services if you see them around!
- **K@TE Upgrade** – K@TE has been upgraded! If you have questions about navigating K@TE with the new look, please see Rebecca, Anna or Beth on the Training team, and they'll help you through it. You may have to reacquaint yourselves with the layout for K@TE as it's quite different.
- **Have you lost your badge? Need an updated picture? Contact the Training Team!** - If you lose your badge or need an updated photo, we would be more than happy to make a new badge for you. Any position changes will be communicated through Nikki and Hannah and a new badge will be created for you at that time.
- The 2021 Training Calendar is available online! Visit <https://fs.utk.edu/comminfo/training/> to view upcoming training dates, times and information throughout the year. The calendar is located below the "Login for online training" link. Check back often as new events and opportunities are added often!
- Your 2021 OSHA Training can be accessed at any time at <https://tennessee.csod.com/samldefault.aspx>. Sign in with your NetID and password. Then, click on "Your Transcript" and "Launch" to load the training. Your course assignments are all the same as they were for 2020, but instead of having each course assigned to you individually, you will have a training curriculum assigned. When you look at your transcript in K@TE, you'll see something like "Facilities Services: Training Group 1 – Office Staff" but it'll be specific to the group you're actually in. Just like you did with the campus compliance training, you'll open the curriculum and then complete each course inside the curriculum. You'll reach 100% completion when you complete every course within the curriculum.
- **External Training Completions** - If you participate

in any training not done through K@TE, make sure you let Training (Rebecca, Anna and/or Beth) know so they can give you proper credit for it. The university does recommend that you receive 32 hours of external training annually (HR 128). Last year, we had our highest number of staff hitting their goal for training hours, and while we don't realistically expect the same numbers as last year, we do want to see our team continue to put time and effort into receiving training for their professional and personal growth.
