Training Needs Assessment Deadline is Friday May 6

Last week, you should have received an email from Rebecca Alcorn with a unique link to an electronic needs assessment for their specific work area. We ask that you please take a few moments to complete the assessment to give Training insight that will help them develop beneficial and impactful training tailored to the needs of your work team. Deadline to complete the assessment is this Friday, May 6.

Kimberly Clarke Recycling Program

Building Services is testing out a new glove from Kimberly Clarke, and with any new type of PPE, there are questions about whether or not it can be recycled. Building Services is currently testing an innovative new program that enables our customers to turn previously hard-to-recycle single-use apparel like nitrile gloves and safety eyewear into recyclables helping to eliminate this type of litter throughout campus. The green box in near Room 111 is one such box where safety eyewear, single use gloves/nitrile gloves, and Tyvek suits can be discarded. We’re asking for your help in taking the next step toward zero waste by choosing to recycle these items. Boxes can be found at Hodges Library, FSC, the Student Union, Thompson Boling Arena, and Min Kao.

Conference for Women's Leadership: E4 Symposium

Employee Training & Development:

Upcoming Training:

- On June 9, we are hosting Bicycle/Pedestrian Friendly Driver Training. The Bicycle/Pedestrian Friendly Driver Training will help to explain things like why cyclists “take the lane” and how drivers, cyclists, and pedestrians can all share the road. We discuss the various active transportation infrastructure seen around our community and how to navigate it, as well as the rights and responsibilities under the law of all transportation users. Lastly, our curriculum covers the most common collisions in our area and what can be done to help make our streets a better place for everyone. The training is conducted by Bike Walk Knoxville's qualified instructors, and is approved by the Tennessee Highway Safety Office. Please email Michelle Rios (mrrios3@utk.edu), Training Admin, to get signed up. If you have questions, please contact Rebecca.

Training News:

- 2022 OSHA Training UPDATE** - There have been department-wide changes made to the required OSHA training for calendar year 2022. If you have already completed your OSHA training for this calendar year, please log into K@TE to verify that nothing has been added to your transcript. Almost every unit has seen changes to their training requirements and therefore almost every person still has training to complete. Please contact Rebecca at ralcorn@utk.edu should you have questions pertaining to your OSHA training.
