2023 Ryan McDonald and Colt Jones Memorial Toy Drive

The 2023 Ryan McDonald and Colt Jones Memorial Toy Drive runs from Monday, November 13 to Monday, November 27. To donate, bring a new, unwrapped toy to the front desk lobby of the Facilities Services Complex, the first floor of Morgan Hall, the College of Veterinary Medicine brick foyer, or the East Tennessee AgResearch and Education Center main office. A flyer with more information is included at the end of the newsletter.

Coloring Books & Art Supplies Drive

We also have an opportunity to partner with the Office of Community Engagement and Outreach as they serve a local community group known as Grandparents as Parents. This group has taken on the role of guardianship for their grandchildren and doesn’t receive state financial allowances for them which often leads to financial hardship. We’ve been asked to supply:

- Coloring books for all ages
- Colored pencils
- Crayons
- Washable markers
- Puzzle books for all ages

The deadline for these items is November 30th. You can drop them off at Sam’s desk in the Facilities Services Complex by the wall of windows next to Beth O’Neill (and her balloon). Please reach out to me with questions. A flyer is attached to print and hang in your work spaces as needed.

Senior Insurance Specialty Group Medicare/Social Security Meeting

We have an agent coming to the Facilities Services Complex from Senior Insurance Specialty Group in January 18th at 8:30am and again in March 20th at 3:30pm to speak with our team about Medicare options and Social Security. More information is to come, and we’ll be looking to get a head count to see how many are interested in attending to plan for additional sessions so be on the lookout!

Parking at FSC

Please refrain from parking in visitors spots and do your best to carpool to/have your supervisor drop you off at the complex for training and/or meetings whenever possible. Avoid parking in numbered spots, and please keep the driveway in front of the building clear for traffic flow. Pool vehicle spots need to be reserved specifically for pool vehicles, and anyone parking in an accessible spot at the front of the building needs to have a UT issued accessible tag.
**BUILDING SERVICES**

- Microbial spraying was done in Min Kao and Dougherty
- Carpet was cleaned in CCB room 303
- Cleaned all stairwells & windowsills in McCord Hall.
- Scrubbed/wax closet room 124 in Kingston Pike.

MOVING & EVENT SVCS

- Delivered and set up tables and chairs for Presidential Courtyard Party event.
- Delivered tables for Ayres Hall Lunch event.
- Picked up chairs from Fred Brown Army ROTC event.
- Picked up tables and chairs from Vet School TLC Concourse event.
- Picked up tables and chairs from UT Gardens weekend event.
- Delivered, set up, and picked up tables and chairs at Student Services Building event.
- Delivered captain’s chairs to Student Union Ballroom for Student Success event.
- Transferred clothing racks, storage containers, and delivered tables and chairs to Clement Hall Courtyard for Free Store Pop Up event.
- Delivered and set up tables to Baker Center Rotunda for Bangladesh Ambassador Reception event.
- Delivered tables to Alan Jones Aquatic Center for Swim Meet.
- Picked up tables from Hodges Library event.
- Provided and set up tables, chairs, and sound system to UT Warehouse for Recycling Day event.
- Delivered and set up chairs to Kingston Pike Building Studio for All Hands Meeting event.
- Delivered and set up tables and chairs to Strong Hall Atrium for Geography Awareness Week Lecture Reception event.
- Delivered and set up tables and chairs to UTCVM TLC Concourse for Thanksgiving Potluck event.
- Transferred tailgate supplies and set up tables, chairs, barricade’s at Student Union Plaza for Alumni Relations Tennessee Tailgate event.

LANDSCAPE SERVICES (CONT.)

- Campus Steam/Condensate Leaks: Heavy Equipment Team is supporting excavation for various repairs throughout campus (cont)
- UTIA Business Incubator Bldg: Grade soil and sew grass following installation of new steam and condensate service to the building (cont)
- UTIA EESRB Green Roof: Working with UTIA Administration on a maintenance agreement for the green roof (cont)
- Tom Black Track: Provide excavation for water and storm water repairs (cont)
- Landscape Services Staffing Study: Revise greenspace data to reflect campus changes to the landscape since 2015 (cont)
- Irrigation Systems: Monitor, adjust and repair as needed throughout summer (cont)
- Native Burial Mound & Garden: Repair damages to mound & stone council ring from truck incident (cont)
- Urban Forest Master Plan (City of Knoxville): Serving on advisory board
- Military War Dog Memorial: Landscape irrigation and planting renovation in preparation for the 25th anniversary celebration in July (cont)
- Morgan Hall: Ongoing landscape protection support associated with roof repairs, window replacement, and brick tuck-pointing project (cont)
- Vet Med Addition: Participate in the final irrigation and landscape punch list walk with the designer and contractor (cont)
- Irrigation Systems: GPS locate all underground valves, meters, and components. (cont)
- TREC: Provide excavation support to the Plumbing team for repair of steam condensate leak (cont)
- Ayres Hill ADA staircases: Coordinate with FS Design on landscape plan for new staircases (cont.)
- Recruiting to fill vacant positions
MOVING & EVENT (CONT.)

- Provided electrical support for Watch Party event at Student Union Plaza.
- Delivered cocktail tables, pipe & drape, and set up room for Vice Chancellor Benton’s Leadership Academy Event.
- Delivered and set up speaker stands, tables, and chairs for Bob Kessling’s pregame show.
- Delivered chairs to Equity & Diversity for event.
- Delivered tables and chairs to Strong Hall room 101 for UT Graduate School of Medicine Panel.
- Provided gameday support for tailgating events across campus.

Moves:
- Unloaded Semi-truck load of furniture and took into Neilson Physics.
- Moved 40-60 furniture items at Andy Holt Tower between second floor, P2, first floor.
- Transported non-functional refrigerator from IAMM lab 144 to Recycling.
- Uncrated and moved large heavy safe from Central Supply Warehouse to Walters Academic Building A215.
- Moved T.V. and old equipment from Baker School 329 to AV closet 118.
- Picked up micro fridge from surplus and delivered to Perkins Hall 213.
- Moved bookcases from Dunford Hall 2218 to McClung 405.
- Loaded and transported percussion instruments from Natalie Haslam Music to Alumni Memorial Building.

- Disassembled large U shaped desk and hutch and moved from Claxton Education Building room 335 to Taylor Law School room 158.
- Moved furniture into renovated rooms at Hoskins Library and hauled away broken furniture.
- Moved desk from Claxton Education Building 4th floor hallway to Bailey Education 525A.
- Moved furniture from Stokely Management Center between 321 and 329.
- Moved items from SERF 215 to loading dock and into a vehicle.
- Picked up chairs and white boards from surplus and delivered to McClung Tower and Blount Hall.

Banners/Misc:
- Finished removing and returning homecoming banners.
- Reinstalled the IT Takes A Volunteer banners around campus.
- Adjusted banners at Ayres Hall for the arrival of SEC Nation.
- Adjusted banners at Haslam Business Building and Ped Walkway.
- Delivered packing materials to Perkins Hall, Dunford Hall, Greve Hall for upcoming moves.

ZONE MAINTENANCE

ZONE 1

- Keeping work orders caught up.
- We have a short week this week because of Holidays.
- Christmas trees in the resident halls will come on Thanksgiving night.

Weekly continues on next page
ZONE 3
- Zone 3 is assisting with major renovations on floors G-2 at the Conference Center and preparing for the installation of a new cooling tower
- Haslam Business is undergoing renovations and remodeling on the 2nd floor, and Stokely Management is getting major upgrades and office expansions
- Otherwise, cleaning gutters and dry pits throughout the zone, working on PMs and getting ready for the cold

ZONE 2
- In HPER checked and adjust chemicals in pools
- In Andy Holt - worked on several heating problems
- In Communications continued switching from AC to heat, checked and worked on a fan unit in the ceiling near the Bursar’s office
- In Student Services work on switching from AC to heat
- Throughout zone worked on heating problems and checked and replaced lights as needed
- General building maintenance throughout zone

ZONE 5
- Prep for home game against Vanderbilt
- Worked swim meets and tennis tournament

ZONE 7
- No report received.

ZONE 8
- We have been cleaning the exterior brick on some of our buildings and refreshing doors and rails at several points.
- We have an exhaust fan that will need a new shaft fabricated because of a bearing failure.
- Our One-Call team remains busy with providing access after hours and answering calls for the UTK campus 24/7-365 days a year.
- We are focusing on completed as much Archibus as possible with the short Holiday week.

ZONE 9
- We have been doing steam repairs and working with customers at the Early Learning Centers.
- We have been doing gutter cleanouts and are getting quotes to have gutter guards installed at the Early Learning Center, Research & Practice on White Avenue.
- We did a filter change at Glazer in Oak Ridge.
- We will check all of our buildings very closely as we prepare for the Thanksgiving Break.

SPECIALTIES TEAM

- Installed three door operators at Thompson Boling Arena
- Repaired operators at Magnolia and Fred Brown Halls
- Cut down door at Communications
- Assisted with door post removal at Hodges Library
- Readjusted operator arm on breezeway door at Claxton Education
- Reprogrammed door operators at Morgan Hall and Conference Center
- Replaced door button for operator at Walters Academic
- Replaced push pad and programmed interior handicap door at Student Aquatic
- Replaced windows at Conference Center Building
- Installed office and conference room windows and doors at Facilities Services Complex
- Replaced busted glass at Humanities breezeway to McClung Tower
- Replaced broken glass door at radio station entry at Communications
- Transporting lifts to various campus locations
- Assisted A/C Controls with resetting outside air dampers at McClung Museum
- Investigating noise in ductwork in training room at Conference Center
- Assisted Zone 8 with FLIR camera and FLEXIM flowmeter to check how water flow to VAVs at ETREC Johnson
- Installed HOBO humidity and temperature sensor at SERF
- Working with A/C Controls and Zone 7 maintenance on repairing GEX valve and water valve for fume in SERF Room 109

SUSTAINABILITY

- We hosted a free store pop-up outside of Clement Hall last week to celebrate their winning the POWER Challenge.
- We attended the Campus & Community Resource Fair to promote the resources we provide for students.
- Our Free Store opened a Big Orange Pantry - Pocket Pantry last week, so now students can get free meals provided by BOP when visiting the Free Store.
- Our Free Store hosted a Reduce, Reuse, Regalia Pop-Up at the Student Union.
- Our office hosted an America Recycles Day event at our recycling facility. We had a vegan buffet provided by UT Catering. Several organizations came to promote their businesses such as KnoxFill, 4th and Glass, WestRock, Keep Knoxville Beautiful, and the Sustainable Business Organization.
- We had a successful Zero Waste Gameday on Saturday, we hosted 20 volunteers.
- Some recycling totals:
  - 2,820 lbs bottles and cans
  - 10 tons of food waste composted
  - 2.5 tons of animal waste composted
  - 15.2 tons of leaves from landscaping composted
  - 146.8 lbs of material donated to the free store
  - 251.4 lbs of material taken by students from free store

Happy Thanksgiving!

Thanksgiving has to be my favorite holiday. I love the fall weather, the food, football and family time. I hope each of you have a safe and happy Thanksgiving and here are some tips to keep you safe.

I remember when the deep fried turkey craze made it’s way too my area….needless to say I didn’t get to eat Thanksgiving dinner that year because the fire department I worked for was busy going from one house fire to the next.

Click [here](#) for a video tutorial on how to deep fry a turkey safely and how not to invite the fire department to dinner.

**Safety Tips for deep fried turkeys:**

1. Place your fryer OUTSIDE on a flat, sturdy surface that is not under a roof or over hang.
2. Place your turkey in the pot and fill with water to determine how much oil you will need. This prevents adding too much oil and having it over flow when you add the turkey and starting a fire. Dump the water out, dry the pot before adding the oil.
3. Make sure your turkey is COMPLETELY thawed and dry. Cold water and/or ice makes hot oil react and erupt, causing oil to overflow the pot.
4. Heat the oil to 350 degrees. Use a thermometer to make sure you do not over heat the oil. Oil at 400 degrees or hotter can ignite.
5. Never leave the pot unattended. Fire is only one hazard when frying a turkey. Burns and accidental tip over are other hazards to be aware of. Keep children and pets away from the cooking operations.
6. Keep the pot lid and a fire extinguisher close by. If your pot catches fire, turn off the gas to the burner and cover the pot (if safe to do so) with the lid and/or use the fire extinguisher to extinguish the fire.

**Traditional indoor cooking safety tips:**

1. Watch what you cook. Do not leave cooking food unattended. The number one cause of house fires in the U.S is still unattended cooking.
2. Keep combustibles away from the stove top. It is sometimes hard to keep your cooking area clean but items such as towels can easily ignite.
Traditional indoor cooking safety tips (continued):

3. Keep pot lids and a fire extinguisher close by. If a pot catches fire DO NOT MOVE IT. Cover the pot with the lid and turn off the burner.

The Department of Transportation estimates that 55.4 million people will be traveling over the Thanksgiving holiday with 49 million Americans traveling by road. Take a few minutes to look over your vehicles if traveling by road and make sure it is ready for the trip. Besides checking the tires, wipers and lights, make sure you check the spare tire to ensure it also is ready if needed. Pack a bag that has blankets, food and water in the event you do break down. If traveling by air, make sure you get to the airport early so you can get through the check points before your flight is boarding. Make sure you are following TSA guidelines for how to pack your carry-on to make the screening process go smoothly. No matter how you are traveling this holiday season, make sure you pack plenty of patience’s! Everyone wants to make it home to see family.

Enjoy your Thanksgiving no matter how you spend it. We all have something to be thankful for this Thanksgiving. Stay Safe!
The 15th annual toy drive honoring the memory of Ryan McDonald will be held from November 13 to November 27. Ryan was tragically killed during a shooting at Central High School in 2008 when he was 15 years old.

The toy drive aims to inspire hope for area children dealing with difficult times during the holiday season. To honor Ryan’s memory, as well as his aspirations to become a children’s counselor, toys are collected by Roger McDonald every year in his nephew’s name. The toy drive benefits Helen Ross McNabb and Child & Family of Tennessee.

To donate, bring unwrapped new toys to the collection box near the front entrance of the Facilities Services Complex at 2040 Sutherland Avenue.

Donations can also be given at several drop-off locations on the UTIA campus. For more info, contact Roger McDonald at 865-705-9994 or jmcdona3@utk.edu
Collecting Items Now - November 30

- Coloring books for all ages
- Colored pencils
- Crayons
- Washable markers
- Puzzle books for all ages

Donated items can be left at Sam Ledford’s desk in the Facilities Services Complex
