UTK Family Fun Day

The University of Tennessee's 3rd Annual Family Fun Day will be held on Saturday, August 3, 2023, from 12:30 p.m. to 2:30 p.m. at the Change Center, located at 203 Harriet Tubman Street Knoxville, TN 37915. Participants will enjoy food, fun, skating, and receive school supplies as we celebrate the university’s employees and their families. A flyer is included at the end of this email. Volunteers and donations are also needed! If you would like to volunteer or donate supplies, sign up here.

New FS Parking Tags for Those Parking at Concord

Facilities Services is generating our own in-house parking tags for those who park at Concord. These are NOT affiliated with Parking Services and are still free. It’s simply a way for us to identify vehicles at the Concord Lot. If you currently park at Concord, please see Tracy Walker or Geneva Andrew for a parking permit at your convenience.

Free Campus KAT Fares

Parking & Transportation has announced a new partnership with KAT to provide no-cost fares for UT staff traveling to and from campus starting August 12. Click here to read more.

KUB Initiative Offers Free Internet for Knox County Students

If you have a student at home, you may be eligible for free internet through a new KUB initiative funded by the City of Knoxville and Knox County. Click here for more information and to see if your family qualifies.

UT Extending Employee Winter Break

According to Tennessee Today, This year’s winter break will include Dec. 30 and 31 as administrative closing days. Except for essential operations and emergency services, university employees will be off from Dec. 23 to Jan. 2 for the winter holidays.

Summer is the perfect time for families to take vacations and create lasting memories. It should be a worry-free and enjoyable time, and it can be when you prioritize safety. An impressive 82% of adults in the United States (more than 212 million people) are planning to travel this summer, with the beach as the number one destination. Below are tips to help you and your family stay safe while enjoying the summer vacation.

Prepare Your Home

Criminals are looking for easy targets and an empty home is just that. Home burglaries rise during the summer months. When you go away follow these tips to protect your home from crime.

1. Stop your mail or have someone pick up your mail or those stray Amazon packages.
2. Install or set a timer on interior lights giving the impression that someone is home can help in deterring burglars, who often look for crimes of opportunity.
3. Use your home security alarm if you have one. You might also consider using remote monitoring with your smartphone or a video doorbell for some added protection.
4. Park a vehicle in the driveway. Keeping an extra vehicle in the driveway or asking a neighbor to park their vehicle might help deter potential burglars.
5. Don't leave spare keys outdoors. Collect any hidden spare keys from around the exterior of your home. Remember, many burglars know about popular hiding places, like beneath mats and in potted plants.
6. Lock the garage and any fencing. Even if there is no entrance to your house from the garage or fencing, there's still a chance for things to be stolen. Secure all doors and any entrances.
7. Save the social media posts for after you get back. Posting while on vacation is an invitation to criminals.

Travel

Airport Safety

1. Arrive 2 hours early (3 hours for international travel). This will allow you sufficient time should there be an issue anywhere along the way between your vehicle to your gate.
2. Stay alert and watch your bags and belongings.
3. Stay alert to your surroundings.

Driving Safety

1. Have your vehicle serviced before your trip.
2. Pack emergency supplies in case you break down.
3. If you are planning a long trip, ensure you are taking breaks. Drowsy driving is as dangerous as drunk driving.
4. Wear your seat belt, they really do save lives.
WEEKLY SAFETY STAND DOWN

SUMMER TRAVEL SAFETY TIPS

Hotel Safety

1. Ask for a room located above the ground floor, ideally between the third and sixth floors – where rooms are high enough to avoid easy break-ins, but low enough to make it out of the building in case of a fire.
2. Upon arrival, scan your room and check behind curtains, under the bed, and anywhere else to ensure it is safe.
3. Check to make sure the phones work.
4. Check for the presence of carbon monoxide detectors, fire alarms, and fire extinguishers.
5. Confirm that all external doors and windows, and bathrooms have functioning locks.
6. Make sure curtains work for privacy.
7. Check for odd-looking electronics that might signal hidden cameras. Do not tamper with these.
8. Report issues to the front desk right away.

Family Safety

1. Before you leave your home, take a picture of your children (individual). This gives you a current, clear picture of your child in the event they become separated from you on vacation. Another great time to take a picture of your child is before they enter any amusement park or crowded venue. This is very helpful to show security EXACTLY what they look like and what they are wearing should they become lost.
2. Find where the closest urgent care or hospital is located. We never want an emergency to happen but when they do you don’t want to be spending time looking for the nearest care center.
3. Ensure your child knows how to swim. Remember, swimming in the ocean is completely different then swimming in the back-yard pool. Learn how to spot rip currents.

Have a great summer vacation making memories!!!
