Football Training Dates Announced

Football Training is coming up for everyone who works game days. You are required to attend one session of your choosing. Sessions are scheduled for:

- August 20 at 8:30am
- August 20 at 2pm
- August 21 at 10am
- August 22 at 10pm

Mark your calendars now! If you have questions, contact FS Training.

Reminder from Your Friendly Neighborhood Haberdasher

EVERYONE NEEDS TO BE FITTED! A new vendor means new manufacturer of uniforms could mean slightly different fit.

If you need to be fitted and have time before Tuesday, August 7th just stop by room 102 at FSC and we will work you in.

If you still need to be fitted for Cintas uniforms after Tuesday August 6th, please contact me (Jim) at 974-2347 or email: TheHaberdasher@utk.edu and I can schedule a time for fitting.

New FS Parking Tags for Those Parking at Concord

Facilities Services is generating our own in-house parking tags for those who park at Concord. These are NOT affiliated with Parking Services and are still free. It’s simply a way for us to identify vehicles at the Concord Lot. If you currently park at Concord, please see Tracy Walker or Geneva Andrew for a parking permit at your convenience.

Free Campus KAT Fares

Parking & Transportation has announced a new partnership with KAT to provide no-cost fares for UT staff traveling to and from campus starting August 12. Click here to read more.

UT Extending Employee Winter Break

According to Tennessee Today, This year’s winter break will include Dec. 30 and 31 as administrative closing days. Except for essential operations and emergency services, university employees will be off from Dec. 23 to Jan. 2 for the winter holidays.
BUILDING SERVICES

- Walters Academic: Wiring for cubicles E204; Rework light switches A313E
- Zeanah Engineering: Card reader \ Add access controls for 8 rooms; Swap door and add access controls 511; Replace key control for doors with push button G117 and G116; Complete access controls on door G199B1

Weekly continues on next page
August means the return of students and with that means more campus congestion. During the summer we all enjoy the ease of navigating campus, even with the road closures and construction activity, we still enjoyed the emptiness.

Students start returning August 11-19, which means a lot more traffic both vehicle and pedestrians especially around housing and the Student Union. The first day of class for the fall semester is August 19. Then it won’t be long before the Big Orange flush occurs and the first home football game on August 31! Where did summer go!?

When campus is bustling, there are numerous things we need to be aware of so we remain safe and we are keeping other safe too.

1. Stay alert! Many students are new and therefore lost, as they maneuver this large campus. Other students are distracted and have their attention on their phones. Keep a look out for pedestrians as they are not looking for you.

   More people mean more pedestrians, scooters, Starship food delivery robots, and traffic.

2. Slow Down! You have been hearing this message a lot lately because it is a real issue.

3. Control your work zones! If you have work to complete that requires tasks that involve work zones such as, open pits or areas, moving equipment, items that could fall on students, or elements that pose a hazard such as hot water (burns) or electricity (shock), ensure you control your work zones. Do not allow students or others to enter your work zone. The work zone is to be blocked off or barricaded to ensure your safety and theirs. Politely guide anyone who enters your work zone around so everyone stays safe.

4. Plan for an increase in work orders. We are already busy as it is, and I know it can be hard to plan for everything. Plan to be ready. Inspect your tools, PPE, equipment, and vehicles. Make sure you are ready to respond to all of the incoming work load. Also, plan for breaks. We are busy but we also need to make sure we take a break so we can stay focused. Staying focused can reduce injuries.

5. Teamwork! Keep an eye on each other and work safely. Take care of each other.

Let’s make this year the safest one yet! If you see a near miss, report it to the Safety Coordinator (mreese17@utk.edu, 865-974-4484) these near misses today could be an accident tomorrow.
